International Banking and Finance

Master programme | Career-parallel

Toma Stojanovic, MA

Graduate and Senior
Assurance Associate
PwC Germany

„I chose to study at UAS BFI Vienna because of the possibility to work full time during my studies and to improve my English skills. Besides I acquired important theoretical knowledge and valuable practical skills. Also, the good environment, excellent technical and study equipment and very friendly and knowledgeable staff at the UAS helped to improve my student experience. Now, after completing my bachelor and master studies, I can say that I made exactly the right choice regarding the university and field of study, because I have already gathered valuable knowledge and experience that allowed me to start working in the same field and industry immediately after graduation.“

Dear prospective student,

thank you for your interest in the master programme in International Banking and Finance. Choosing the right degree programme can often be quite challenging and raise many questions. With this brochure, we want to offer you a comprehensive insight into the contents and structure of our programme, as well as the career opportunities you will have upon graduation, offering you the best possible support in making your decision.

At the core of this internationally oriented English language based programme is the acquisition of practically relevant management skills, tailored to the needs of the international banking and finance industry. Speakers who are drawn from leading international banking and financial institutions and the highly qualified lecturers of the UAS pass on their expert knowledge to the students and encourage in-depth discussions. The international nature of the master programme and the resulting professional exchange are the foundations of an academic education of highly qualified internationally oriented graduates. Students also have various possibilities to go abroad and spend a time at one of our partner universities.

As future graduate, you have a wide range of career options: you can work as asset manager, relationship manager, bank auditor, finance analyst or treasury manager.

We are aware that a master degree is an investment in your future and just like you, we want this investment to pay off!

**Hon.-Prof. (FH) Mag. (FH)
Gernot Kreiger, MBA, zPM**

Degree programme director

International Banking and Finance

Master programme | Career-parallel

What you can expect during your studies

The master programme is optimally tailored to the current requirements of and developments in the world of work and provides you with all the competencies and contents relevant to practice. As a graduate, you will be able to:

- Apply methods and ideas in customer and product management, treasury, cost accounting, controlling, liquidity and risk management at master's level.
- Analyse the connections and effects of central banking processes, plan measures to steer these processes, and implement them in an international environment.
- Identify and analyse key topics of bank management in order to infer context-specific recommendations and measures.
- Realise ideas and methods of modern management theories (Corporate Social Responsibility, Systemic Organisation Development, Collaboration, Change and Innovation Management) and apply them appropriately.
- Collaborate in implementation and research projects in banking and finance.

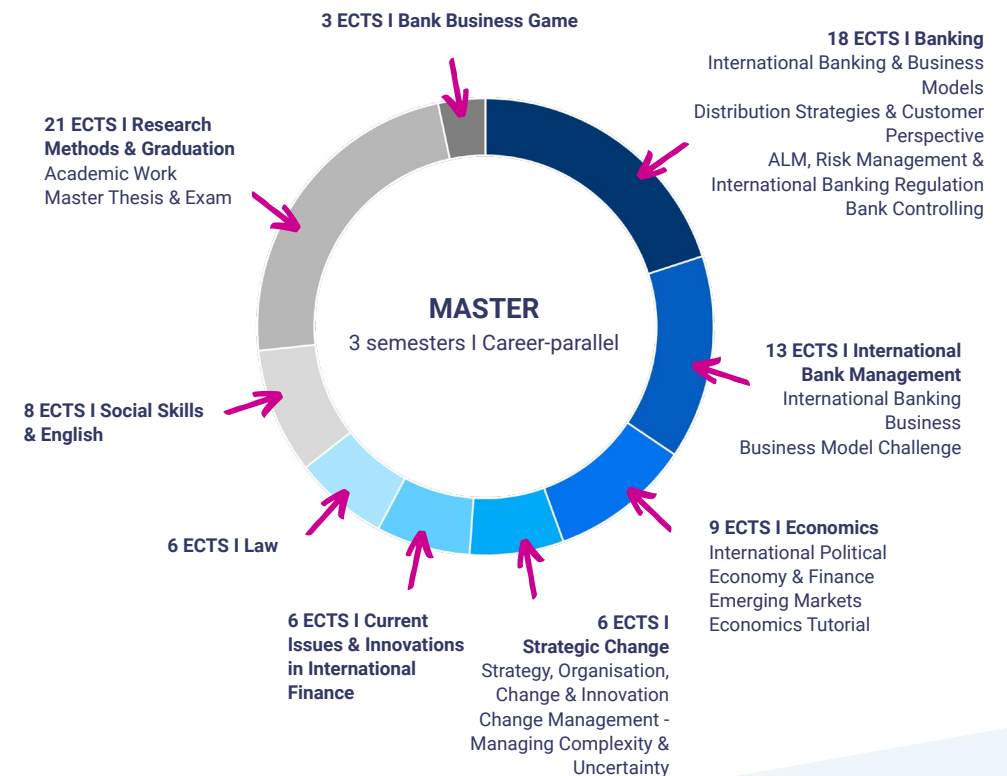

What awaits you after graduation

After completing your studies, a wide range of career opportunities will be open to you:

- Asset Manager
- Relationship Manager
- Bank Auditor
- Finance Analyst
- Treasury Manager

Main focus

The master programme International Banking and Finance offers you a scientifically sound as well as practice-oriented education at the cutting edge.

Highlights

of the degree programme International Banking and Finance

Excellent career opportunities in the international finance sector

High level academic education as a combination of theory and practical application

English language based programme with global mindset

Experience internationality

University of Applied Sciences BFI Vienna cooperates with more than 80 partner universities all over the world. Our international network results in many joint projects and an intensive exchange of lecturers and students.

A stay abroad offers you the unique opportunity to make international contacts, hone your foreign language skills, get to know other cultures, and develop professionally and personally. In addition, gaining international experience opens up a wide range of career opportunities for you.

Options for your stay abroad

You can take advantage of our long-term mobility programmes ([semester abroad](#)) and short-term mobility programmes ([International Master Weeks](#), [summer schools](#)). During the short-term mobilities, you will spend one to several weeks at one of our partner universities and have the opportunity to receive inspiring input from experts in workshops and lectures and work together in intercultural teams.

It was certainly well-spent 3 semesters doing the International Banking and Finance programme. In my opinion, this program suits not only young professionals, but also those who already possess substantial experience in the finance field. Overall, I had a great experience with knowledgeable professors and a fair teaching approach.

The highlight of my experience was my exchange semester in Frankfurt School of Finance, which is a top-rated finance school in Europe, that helped me to strengthen my professional network and definitely boosted my career opportunities, as it is a very recognizable line on my CV.

Yuliya Isakova, MA

Graduate and Wealth Management
Client Account Manager, UBS

Studying at UAS BFI Vienna

Admission requirements

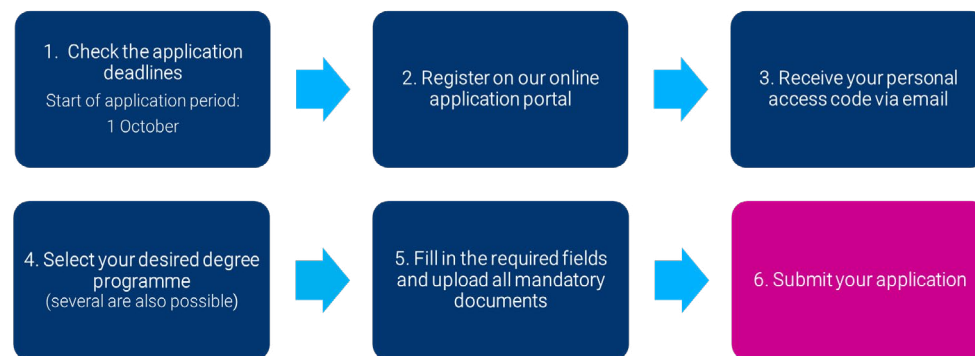

If you meet these admission requirements for the master programme, nothing more stands in the way of your application:

- Secondary school leaving-certificate (High school diploma)
- Completion of a bachelor degree in business studies in Austria or equivalent bachelor degree abroad
- Proven qualifications in business administration (4 ECTS), accounting and controlling (4 ECTS), economics (4 ECTS) and mathematics and statistics (4 ECTS).

Bridging courses for missing ECTS

Take advantage of the free [bridging courses](#) offered by the UAS BFI Vienna (May to July) to acquire missing ECTS and qualify for admission to a master programme.

Your application in 6 steps

Admission procedure for your desired degree programme

The admission procedure consists of an admission test (online multiple-choice test) and an application video. Once your application documents have been fully checked, you can select a date for your individual admission test via the application portal. From the end of January/beginning of February, preparation materials for the admission test will be available on our [website](#), which you can use to prepare yourself optimally. All applicants who have passed the test are then invited to the interview.

In the guide [„Application and admission“](#) we give you a comprehensive overview of the admission procedure at our UAS – from your registration on the application portal to the admission to your chosen degree programme.
