More information:
fh-vie.ac.at/international-weeks

Are you interested in gaining international experience, meeting new people from different backgrounds and countries? Or how about further improving your intercultural communication and foreign language skills?

Or maybe you want to know what it's like to work on a case study in diverse teams, meet new challenges, acquire new skills and reach a common goal? Take the chance and not only gain intercultural and international experience, but also do it online! We are looking forward to your registration!

Digitalisation & Inclusion @ The Workplace

How can technological innovations support employees with special needs in selected Austrian organisations and companies

collaborations skills
research in intercultural teams

ethnic behavioural
input by experts
individual and group reflection
out-of-the-box thinking
presentation and free speaking skills
problem solving skills
Viennese culture

This International HR Week will be organised as an Erasmus+ Blended Intensive Programme (BIP).

Erasmus+ funding for students from our partner universities might be available. Please ask your local coordinator!

Preliminary Programme

Virtual Part

1 mandatory virtual meeting in March will make you familiar with the programme and with your fellow students.

We will lead you through a team-building phase and intercultural topics. You will get to know your team-members and we will discuss the pre-assignments with you.

On-Site Part

In Vienna, you will learn about the challenges that people with special needs face in order to participate in the labour market and which solution-oriented approaches can be used. Furthermore there will be keynote speech, a city tour and lots of fun with your fellow students.

Funded by
the European Union
